Dear Dawn:

The Counseling Service of Addison County (CSAC) is writing to further clarify its intent regarding our capital construction projects that were initially outlined in a letter dated June 26, 2007. In response to our various communications CSAC agrees that the most efficient and easiest way to continue is to incorporate the scope of each proposed project into a single application. With that understanding CSAC intends to submit one COA application that includes both projects as previously described.

If there are any questions regarding our projects please contact me at 802-388-0302 ext 468. Thank you for your time and assistance.

Sincerely,

William Claessens  
Chief Financial Officer
